

It's TIME to Establish a Presence on the Internet — at www.OOPStorytelling.org

And O.O.P.S! is making it EASY Become listed in our website's Directory

1. You must be an O.O.P.S! member in good standing (see the reverse side of this flyer for membership information).
2. Once you are a member, you may purchase a basic full year listing (60 word description, contact information, and URL) for only \$35. This applies to all memberships, including a group membership (guild/organization).
3. If you would like to include a photo (all will be sized to fit) with your basic listing, the total cost for the listing plus photo will be only \$50 for a year.
4. Full pages are available for groups for an additional \$150 per year. You must be a member group with a basic Directory listing for \$35. A group may list the group's general description along with all members' names and contact information (phone and e-mail) on their page — however, no member descriptions will be included.

Send in your Directory Listing today!
